

SHREE SHRIYA T

MCA Graduate | Web Developer | Digital Innovator

7829254444 | srisriyat@gmail.com | www.linkedin.com/in/shree-shriya-t

PROFESSIONAL OVERVIEW

I am an MCA graduate with a strong foundation in full stack development, digital marketing, and content strategy. With experience as a project leader, I bring a combination of technical expertise and team coordination skills. Proficient in Java, Python, SQL, HTML, CSS, and MongoDB, I am passionate about creating scalable, user-focused solutions that blend technology with creativity.

ACADEMIC PROJECTS

Feb 2024 - May 2025

Job Portal Frontend – Collegemate.io

- Implemented cost-effective solutions, resulting in a 20% reduction in project expenses.
- Streamlined project workflows, enhancing overall efficiency by 25%.
- Led a team in successfully delivering a complex engineering project on time and within allocated budget.

E-Commerce platform with Microservices Architecture

July 2024 - Nov 2024

- Designed and developed a scalable e-commerce platform using microservices.
- Implemented services for product, user, cart, and order management with API communication.
- Used Docker for containerization and REST for service interaction.
- Focused on system modularity, fault tolerance, and independent deployment.

Android App Market on Google Play

Feb 2023 - Jun 2023

- Built an Android app using Java to recommend the best apps based on user reviews.
- Displayed app suggestions with ratings to help users choose quality apps.
- Focused on user-friendly design and smooth navigation.

Sign Galaxy – Commercial Website Development

Feb 2025 – Jun 2025

- Designed and developed a full-fledged branding website for a real-world signage and interior design firm using React.js and Tailwind CSS.
- Implemented responsive design, image slideshows, animations (Framer Motion), and smooth page transitions.
- Integrated navigation for Home, Services (Interior, Exterior, Signage), and Contact with Google Maps.
- Deployed and version-controlled using GitHub.
